Range Cattle Interest.

DENVER, Sept. 10.—A meeting of the executive committee of the Wyoming Stock Growers' Association was held at the Windsor hotel last night for the purpose of considering the advisability of calling a meeting of the association. The committee concluded that it would be unwise to call a meeting at present, but will probably call one in the near future. The committee also decided to recommend to the association that it withdraw from the Cheyenne Live Stock Exchange, and that the association establish a commission house in Cheyenne. It is the opinion of the committee that the association can save from $2 to $3 per head on cattle shipped to Chicago by withdrawing from the exchange and establishing a commission house
